

Wrap Your Own- Iowa Grown

Information Sheet- Spring 2011

This is your chance to wrap up something great from our state! “Wrap Your Own-Iowa Grown” is an initiative of the Iowa Farm to School Program that was started in the fall of 2009. The goal of this initiative is to promote the purchase of locally-grown vegetables and products to create Iowa grown wraps. This is also an opportunity for students to eat something healthy with great Iowa fixins!

Food Service Directors/Teachers/Staff:

How can you participate, you ask? Get involved by having your Food Service Director volunteer to participate by filling out the following form. By participating in this Initiative your school will have the opportunity to:

- Receive “Wrap Your Own-Iowa Grown” wrap paper
- Receive a list of growers/producers/distributors that have Iowa products
- Receive \$200 to assist with the purchase of locally grown (in season) fruits or vegetables to build wraps at your school
- Receive recipes for different kinds of wraps to distribute to your students
- Provide your students with a healthy lunch option = happy parents, teachers, and students and a potential decrease in childhood obesity
- Create your own wrap recipe and win more money and an assembly

Registration Deadline April 8th, 2011

The School with the best wrap recipe using the most local ingredients receives \$300 towards the purchase of more fruits/vegetables as well as an assembly with media coverage, 25 t-shirts, and promotional items delivered by a live vegetable! So help your school WIN!

Be sure to submit the following; Registration form, W-9 and the recipe form. (You will be asked to fill out a short feedback form at the end of this initiative.)
