

Fueling Our Future 100

USDA – Biofuels Infrastructure Program (BIP)

Business Name: _____

Contact Name and Title*: _____

*Is the contact person above authorized to obligate the business: Yes No

(If no, please provide the name and title of a company officer authorized to obligate the Business)

Street Address: _____

City, State, Zip: _____

Phone: _____ **FAX Number:** _____

Email Address: _____

Facility/Site Name:** _____

**If different from the Business name

Federal Identification Number (FEIN) : _____

Street Address: _____

City, State, Zip: _____

Phone: _____ **FAX Number:** _____

Email Address: _____

TOTAL USDA-BIP FUNDING REQUEST FOR THIS SITE (see line 30 of Form W) \$ _____

Including this site, how many Iowa project sites will your business be making application for the USDA-BIP Program? _____

Has any part of this project started construction? Yes No

Regardless of funding source, will any ground disturbance or vegetation removal occur on this site during course of the project? Yes No

Will you also be applying for funds from the Iowa Renewable Fuels Infrastructure Program (RFIP) for this site?

Yes No

Project Overview Provide a brief description of the proposed project and how it will contribute to the goals of the program. Include a description of the source of all external funds required to complete the project and details on how an increase in ethanol sales will be achieved. Attach supporting documentation if necessary.

Site Information

Is this a new site? Yes No

If Yes, complete New Site sections below. If No, complete Modified/Retrofitted site section on the following page.

NEW SITE ONLY

TANKS

Complete if the Project will include a tank (BIP funds limited to 1 underground tank per site)

	Yes	No
Does the project include a tank proposed for BIP Funding?	<input type="checkbox"/>	<input type="checkbox"/>
If Yes, is the tank dedicated (100%) to renewable fuels?		
If the tank is dedicated, indicate the gal/ethanol fuel _____		gal/ethanol
If the tank is split, indicate the gal/ethanol fuel _____		gal/ethanol
If the tank is split, indicate the gal/other fuel _____		gal/other fuel
Number of additional tanks, not eligible for BIP funding. _____		additional tanks

Indicate fuel content of additional tanks included in the project in the box below.

BLENDER PUMPS

Complete for blender pump installation (BIP funds limited to 4 blender pumps per site)

Number of blender pumps proposed for BIP funding. _____ proposed blender pumps

Indicate the ethanol blends that will be available. _____ available ethanol blends

Number of additional pumps, not eligible for BIP funding. _____ additional pumps

Indicate fuel type breakdown of additional pumps included in the project (diesel, biodiesel, unleaded/clear/E0, E10, E15, E25, E30, E50, E85, other). Describe plans for or the existence of E-85 compatible tanks on site.

MODIFIED/RETROFITTED SITE (CURRENT FUELING STATION) ONLY

TANKS

Complete if the project will include a tank (BIP funds limited to 1 underground tank per site)

	Yes	No
Does the project include a tank proposed for BIP Funding?	<input type="checkbox"/>	<input type="checkbox"/>
If Yes, is the tank dedicated (100%) to renewable fuels?		
If the tank is dedicated, indicate the gal/ethanol fuel _____		gal/ethanol
If the tank is split, indicate the gal/ethanol fuel _____		gal/ethanol
If the tank is split, indicate the gal/other fuel _____		gal/other fuel
Number of additional tanks, not eligible for BIP funding. _____		additional tanks
Indicate fuel content of additional tanks included in the project in the box below.		

Number of existing tanks at the site. _____ **existing tanks**
Indicate fuel content of existing tanks at the site in the box below.

BLENDER PUMPS

Complete for blender pump installation (BIP funds limited to 4 blender pumps per site)

Number of blender pumps proposed for BIP funding. _____ **proposed blender pumps**
Indicate the ethanol blends that will be available. _____ **available ethanol blends**
Number of additional pumps, not eligible for BIP funding. _____ **additional pumps**
Indicate fuel type breakdown of additional pumps included in the project (diesel, biodiesel, unleaded/clear/E0, E10, E15, E25, E30, E50, E85, other) in the box below.

Number of existing pumps at the site. _____ **existing pumps**
Indicate fuel type breakdown of existing tanks at the site (diesel, biodiesel, unleaded/clear/E0, E10, E15, E25, E30, E50, E85, other). Describe plans for or the existence of E-85 compatible tanks on site.
