2019 Farmers Market Nutrition Program Vendor Training

Dear farmers market vendors and farmstand operators. Please find below training options for new and returning vendors for the 2019 market season. With the exception of the IFMA workshop training on February 2nd, there will only be webinar training options. All individuals should be able to attend any of the webinars from their home, library, or nearby Extension Office, etc.

If you are a returning vendor & unsure of your training needs, you can log in with your username and password to <http://www.idalsdata.org/fmnp/index.cfm?fuseaction=main.showLogin> – after logging in, the information displayed will include the next year you need to complete training.

Along with five webinars viewable from home and library computers, Iowa State University Extension and Outreach is helping us deliver two webinars – one in March and one in April for those without access to computers. There will be no ICN trainings. Dates and times of the two ISU-Extension hosted webinars are in the green and yellow-shaded text on page 2. See pages 3 & 4 for locations. To attend an Extension-hosted webinar, simply show up at the one of the locations posted on pages 3 & 4 on the date and time indicated. Please email the extension site to give them a heads up that you plan to attend (see pages 3 & 4). You must sign the sign-in sheet at the Extension Office to account for your attendance.

Information for Those Accessing Training Individually (not pertinent for vendors attending at a County Extension Office, see paragraph above):

- Below on page 2 are listings of the dates and times of each webinar. **It is recommended you register at least 24 hours prior to the training session.** Using the information below, select the webinar you would like to attend and copy and paste the corresponding URL (in blue font beginning with “https”) into your web browser and hit “enter” – or simply click the URL link. You will then be taken to a registration page for the training session you have selected (page 3 does not apply to you).
- In order to hear the presenter, you will use your computer's speakers (VoIP). Please make sure your computer's speakers are working and on prior to the webinar (you can try listening to a YouTube video for example).
- You will receive confirmation e-mails shortly after registering, 24 hours prior to the training session, and again one hour before the session. To join/attend the training session, simply click on the live link provided in a confirmation e-mail from any computer (or one of GoToWebinar's free mobile apps) that meets GoToWebinar's system requirements (see below).
- To check to see that your computer and accessories meet the minimum system requirements: go to https://support.logmeininc.com/gotowebinar/help/system-requirements-for-attendees-g2w010003?c_prod=g2w&c_name=iph for details.
- Please note: to ensure that you have completed the training, you will be prompted two or three times during the session to send the presenter a typed message and/or complete simple multiple choice questions. Any questions you may have during or after the training session are delivered to the presenter by typing into a comments box that will be provided on your computer screen. If you are viewing the webinar from a county extension office, please ensure you sign the sign-in sheet.

Each webinar will last around 45 min. – 1 hour.

Watching the webinar at home: to begin registration for a particular training event, simply click on the appropriate “https” URL code in blue (or copy and paste it to your web browser). **Attending a webinar at an ISU Extension Office (March 28 & April 11 only):** see page 1, paragraph 3.

Questions? Contact Paul Ovrom at 515-242-6239 or e-mail at paul.ovrom@iowaagriculture.gov

Webinar Dates/Times

Monday, February 25 (Online only – not available at County Extension offices)

10:00 a.m. – 11:00 a.m. (Central Time)
