

Renewable Fuel Infrastructure Program Application

The Iowa Renewable Fuel Infrastructure Program is designed to assist retail operators of motor fuel dispensing sites or fueling stations in the conversion of their equipment to allow the expanded use of renewable fuels in Iowa. The program utilizes grant incentives to encourage these upgrades.

Reimbursement can be for 50% of the costs for specific components of a project with a three-year commitment required to sell certain renewable fuels. A five year commitment to store and sell renewable fuels and install certain equipment can result in up to 70% reimbursement for specific equipment or installation costs. Heated biodiesel terminal equipment and/or infrastructure can receive funding for up to \$100,000 per project.

The grant program is managed by Paul Ovrom, Iowa Department of Agriculture and Land Stewardship (IDALS), PH: 515-242-6239, paul.ovrom@iowaagriculture.gov

Applications may be submitted for review by the RFIP Board up to 15 days prior to a scheduled quarterly meeting.

Quarterly meetings and application deadlines are posted online at <http://www.iowaagriculture.gov/agMarketing/IRFIP.asp>

Once complete, the (1) application and (2) equipment list are to be sent to:

<p>Mail: Renewable Fuel Infrastructure Board Iowa Department of Agriculture and Land Stewardship ATTN: Renewable Fuel Infrastructure Program 502 East 9th Street Des Moines, Iowa 50319</p>	<p>Fax: (515) 281-8025 E-mail: renewablefuelgrants@iowaagriculture.gov</p>
--	---

This application is subject to change and revision at anytime, please check the Renewable Fuel Infrastructure Program website at <http://www.iowaagriculture.gov/agMarketing/IRFIP.asp> for the most recent revision. All applications are subject to the latest revisions.

Notice to Applicants – Open Records Information and the Renewable Fuels Promotions Information Sheet

Upon submitting this application to the Iowa Department of Agriculture and Land Stewardship, it becomes an open record available for public inspection. Accompanying this application is the Notice to Applicants – Open Records section, please review the application and supporting materials and mark one of the following:

- No request. I have reviewed the Notice to Applicants – Open Records section included with the application. I understand that upon filing this application it becomes an open record available for public inspection.
- Yes, there is information in this application for which the applicant requests confidential treatment. Please refer to the accompanying instructions and Example and Request for Confidential Treatment Form. Complete the Request for Confidential Treatment Form and submit with application. If submitting more than one application, then a completed Request for Confidential Treatment Form must be submitted with each application.

I hereby certify that all representations, warranties, or statements made or furnished to the Department in connection with this application are true and correct in all material respect. I also certify that the renewable fuel infrastructure presented in this application will not be used to store or dispense motor fuel other than E85 gasoline, biodiesel, or biodiesel blended fuel, unless granted a waiver by the Infrastructure Board.

Dispenser Information

(Please check and fill out information related to the dispenser.)

Costs of equipment directly associated with marketing and dispensing Renewable Fuels must be identified/itemized, including E85 or registered E15 & biodiesel dispenser applications for the same site. If applicant is installing dual (E85 or registered E15 and biodiesel) dispensers, an application for the E85 or registered E15 dispenser and biodiesel dispenser must be submitted separately. All costs must be itemized on each application. Also, to be eligible, an E85 dispenser with a blender dispenser must be, at least, in the process of being tested by an independent laboratory. NOTE: Applicants may apply for only one ethanol dispenser grant – either E85 or registered 15, unless the combined grant request for registered E15 and E85 dispensers does not exceed the maximum grant award.

Three year contract:

- \$ _____ for Retail E85 (50% cost share, Max. award per site \$30,000)
- \$ _____ for Retail Registered E15 (50% cost share, Max. award per site \$30,000)
- \$ _____ for Retail Biodiesel (50% cost share, Max. award per site \$30,000)

Five year contract:

- \$ _____ for Retail E85 (70% cost share, Max. award per site \$50,000)
- \$ _____ for Retail Registered E15 (70% cost share, Max. award per site \$50,000)
- \$ _____ for Retail Biodiesel (70% cost share, Max. award per site \$50,000)
- \$ _____ for B2-B98 Biodiesel Terminal (50% cost share, Max. award per site \$50,000)_
- \$ _____ for B99/B100 Biodiesel Terminal (50% cost share, Max. award per site \$100,000)

Site Information:

_____ Estimated Annual Usage of Renewable Fuel (in gallons)

If requesting a registered E15 grant, specify how E15 will be dispensed: _____ dedicated hose or _____ single hose/nozzle with E10 and/or E0*

*A copy of the letter submitted to EPA requesting authorization to sell E15 as a registered fuel must accompany the application.

Above Ground Tank Below Ground Tank

Is it a blender pump? Yes No
